Art Unit: 2192

REASONS FOR ALLOWANCE

- 1. Claims 1-21 are allowed.
- 2. The following is an examiner's statement of reasons for allowance.

The prior art of record, i.e., U.S. Patent No. 6,282,711 to Halpern et al. and the new art made of record, i.e., U.S. Patent Application Publication No. 2004/0249909 and U.S. Patent Application Publication No. 2003/0097430 by Matsukura et al., taken alone or in combination, fail to teach or suggest the following features, when these features are taken in combination with the remaining features of the claim:

a setup component that configures the software system based at least in part upon the information pertaining to the location of the device within the network by providing at least one recommended, selectable component for installation corresponding to such location (claim 1);

computer-implemented means for determining a configuration for the software system based on the position of the computer within the network by yielding a default, customizable subset of software system components (claim 7);

determining a configuration for the software system based on the selected scenario by providing a default, modifiable subset of software system components for installation corresponding to the location of the device (claim 8);

configuring the software system based on the location scenario by tuning an adjustable list of recommended software system components for installation based upon the location in the network (claim 15).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
